Dear Sir/Mam,

New Year Greetings to you.

Since your college has been the nodal center of virtual labs IIT Kanpur. I request you to kindly share the data of the recent activities of virtual lab workshops. If there is no recent activity held then I urge you to kindly start conducting the virtual lab workshops at least once in a semester(session).

You can explore the labs at www.vlab.co.in and ebootathon.com and if you want the workshop session on any of the labs then kindly let us know. You should also contact other colleges to become the nodal centers of Virtual Lab IITK. If you have any query then kindly contact us.

Thanks & Regards

Sheetal Singh
